Site Comments: **The subject site is irregular in shape. It offers frontage, but no access from Harrison Avenue. Access to the site would be from S. CherryVale Drive, a perimeter road. A narrow, slightly low lying area is located along the southwest lot line of the subject. WNGIS reports that an undetermined portion of the site may be located in an AE Flood Zone. An AE Zone is defined as an area inundated by 100-year flooding for which no BFE's have been determined. A BFE is defined as Base Flood Zone Elevation. If developed, flood insurance may be required. It is recommended that a legal determination be made by the owner. The value developed herein assumes the subject site can be developed to it's highest and best use.**

LAND APPRAISAL REPORT

• GP Land: Market Area - Comments

The subject property is a vacant out lot in the Cherry Vale Mall Regional Shopping Center. It offers close proximity to I-39/I-90 tollway access and U.S. Route 20 a primary east/west highway that connects the subject market area with communities both east and west. U.S. Route 20 provides good access to communities to the west including Freeport, Lena, Stockton and as far west as Galena and the Mississippi River. Also, I-39 provides access various tollways and expressways including I-88, I-80 and southern Illinois. I-90 provides access to communities to the north of Rockford and into Wisconsin.

The overall market has seen some improvement after many years of stagnation. The majority of new commercial/retail development is in the area near E. Riverside Boulevard and I-90 where the new MercyHealth Complex was constructed and opened in early January 2019. This has spurred development in the vicinity with a new hotel, currently under construction, a Casey General Store Gas Station/C-store, and a recently completed Costco Retail Development. Some of the highest prices involving land sales have been along the E. Riverside Corridor between Mulford Road on the west and Paulson Road on the east.

• GP Land: Site Description - Highest & Best Use As Improved, Other Use

The subject site is located in an area of compatible retail/commercial uses surrounding the CherryVale Regional Mall. Other out lots in the area consist primarily of gas station/C-stores, full service restaurants and fast food restaurants including Burger King, Dairy Queen, Taco Bell and Arby's. The subject site is vacant and has no improvements. The subject offers an irregular shape and is smaller in size than the typical commercial site offered by the surrounding retail uses. For this reason the subject property has limited developmental potential. The highest and best use if developed would be for possible assemblage with adjoining properties that would increase the developmental potential for commercial/retail use consistent with the permitted uses under the zoning ordinance when market conditions warrant.

• GP Land: Site Description - Zoning Description

Commercial General allowing for a variety of commercial/retail uses including but not limited to restaurants, including drive-in; veterinary hospitals/offices, liquor establishments, automotive service stations. Please refer to Winnebago County Zoning Ordinance for complete details.

• GP Land: Summary of Sales Comparison Approach

Relatively few sales of commercially zoned land have taken place in the Rockford Metro Area over the past several years. Recently, sales activity has increased somewhat in the gas station/C-store sector with Circle K and Casey's General Store entering the Rockford market. Overall, values for commercial land were relatively stagnant for several years. Although land values have shown some increase overall the higher values, relate to location of the sales including synergy received from being close to developing areas such as that located near the new MercyHealth Campus at E. Riverside and the tollway. That development, as well as the new Costco that recently opened at E. Riverside and the tollway has spurred additional development in the retail and services sectors. This includes lodging with a new Home2Suites hotel under construction at the NWC of E. Riverside and the tollway and a new Casey's General Store located across the street from the new Costco. The highest per square foot sale prices have been in this area and further west on E. Riverside near N. Perryville Road and E. Riverside. Overall, new gas station/C-stores being developed are showing land sale prices of between also resulting in sale prices per square foot between \$5.30 and \$9.97 per square foot.

As mentioned earlier in this report, the subject has limited developmental potential due to its irregular shape and smaller than typical site area for commercial uses when compared to other properties in the area. No sales of similar properties were identified after a thorough search of the Rockford area. For this reason, the available comparable land sales required significant adjustment for certain elements of comparison including, topography, flood zone and shape.

Comp 1 is an out lot located in CherryVale Mall and is considered most comparable overall when compared to the subject. The lot became vacant following the destruction of the existing building on the site by a fire several years ago. Overall, it is considered relatively comparable to the subject with regard to overall location and lot size, however, warranted significant downward adjustment for topography, flood zone and shape. After adjustment is sold for \$0.88 per square foot. This is the only sale of an out lot in the mall over more than 10 years. Comp 2 is the sale of a lot located approximately 2 miles north of the subject at Newburg and S. Bell School Roads. It was purchased for development with a Casey's General Store, gas station/C-store that is currently under construction. It is located in an area of higher average daily traffic counts when compared to the subject and was adjusted downward for this element of comparison. It offers a greater site area, superior topography, no flood zone, superior shape and access. Other elements of comparison are considered relatively comparable to the subject warranting no adjustment. Significant downward adjustment is indicated resulting in an adjusted sale price of \$1.21 per square foot of site area. Comp 3 is the sale of a corner lot located at the intersection of S. Perryville Road and Charles Street. Its corner location is considered superior to the subject due to multiple ingress and egress options. Average daily traffic count is also considered superior to the subject. Additionally, it is considered superior to the subject with regard to shape, lot size and topography. Significant downward adjustment is indicated for the various elements of comparison resulting in an adjusted sale price of \$1.00/SF.

The adjusted sale prices range from a low of \$0.88/SF for an out lot in the CherryVale Mall to \$1.21 per square foot for the gas station site located near the intersection of Newburg and S. Bell School Road.

Overall, significant downward adjustments were indicated for all comps. Approximately equal emphasis was placed on all three comps resulting in a fair market value for the subject of \$1.00/SF or \$35,746 rounded to \$36,000.

Assumptions, Limiting Conditions & Scope of Work

File No.:

Property Address: 71XX Charles Street (PIN 12-35-352-005) LOT 5 City: Rockford State: IL Zip Code: 61112
Client: [REDACTED] Address: [REDACTED]
Appraiser: Gail M. Wills Address: 3268 Kregel Drive, Rockford, IL 61109

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a plat and/or parcel map in the appraisal report to assist the reader in visualizing the lot size, shape, and/or orientation. The appraiser has not made a survey of the subject property.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database. Possession of this report or any copy thereof does not carry with it the right of publication.
- Forecasts of effective demand for the highest and best use or the best fitting and most appropriate use were based on the best available data concerning the market and are subject to conditions of economic uncertainty about the future.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

Legal descriptions and a Plat of Survey were not provided the appraiser. The subject site area, dimensions and other physical characteristics were obtained from WINGIS and are assumed to be correct as reported.

APPRAISER'S CERTIFICATION

- I certify that, to the best of my knowledge and belief:
- The statements of fact contained in this report are true and correct.
 - The credibility of this report, for the stated use by the stated user(s), of the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
 - I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
 - Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
 - I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
 - My engagement in this assignment was not contingent upon developing or reporting predetermined results.
 - My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
 - My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
 - I did not base, either partially or completely, my analysis and/or the opinion of value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property, or of the present owners or occupants of the properties in the vicinity of the subject property.
 - Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
 - Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification.

Additional Certifications:

I have not performed any prior appraisal or other professional services regarding this property over the past three years.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised and acting in what they consider their own best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

* This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System (FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS, FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

Re: Appraisal of Various Vacant Commercial Lots and Bello II Residential Lots.
Rockford, IL

[Redacted]

The intended use, or function, of the appraisal is to provide the estimated "as is" market value for the above-referenced real estate. The parcels to be appraised are listed on the attached sheet.

The fee will be \$7,500^{DMW} due upon receipt of the appraisals, with a delivery date no later than the end of the business day October 15, 2019. Please execute two copies of this engagement letter.

The completed appraisals will be delivered to you in person at the location decided.

Compliance: The report will be developed to reflect good appraisal practice and comply with the Uniform Standards of Professional Appraisal Practice (USPAP) and Title XI of the Federal Financial Institutions Reform Recovery and Enforcement Act of 1989 (FIRREA) giving special attention to the guidelines set forth by the Comptroller of the Currency's (OCC) Standards of 12 CFR, part 323.
