GP Land: Market Area - Comments

The subject property is a vacant out lot in the Cherry Vale Mall Regional Shopping Center. It offers close proximity to I-39/I-90 tollway access and U.S. Route 20 a primary east/west highway that connects the subject market area with communities both east and west. U.S. Route 20 provides good access to communities to the west including Freeport, Lena, Stockton and as far west as Galena and the Mississippi River. Also, I-39 provides access various tollways and expressways including I-88, I-80 and southern Illinois. I-90 provides access to communities to the north of Rockford and into Wisconsin.

The overall market has seen some improvement after many years of stagnation. The majority of new commercial/retail development is in the area near E. Riverside Boulevard and I-90 where the new MercyHealth Complex was constructed and opened in early January 2019. This has spurred development in the vicinity with a new hotel, currently under construction, a Casey General Store Gas Station/C-store, and a recently completed Costco Retail Development. Some of the highest prices involving land sales have been along the E. Riverside Corridor between Mulford Road on the west and Paulson Road on the

GP Land: Site Description - Zoning Description

A variety of commercial/retail uses including gas stations; restaurants, including drive-in; garden shops; golf courses, including driving ranges; amusement establishments; catering establishments; automotive repair, and others. Please refer to Winnebago County Zoning Ordinance for complete listing of permitted use.

GP Land: Summary of Sales Comparison Approach

Relatively few sales of commercially zoned land have taken place in the Rockford Metro Area over the past several years. Recently, sales activity has increased somewhat in the gas station/C-store sector with Circle K and Casey's General Store entering the Rockford market. Overall, values for commercial land were relatively stagnant for several years. Although land values have shown some increase overall the higher values, relate to location of the sales including synergy received from being close to developing areas such as that located near the new MercyHealth Campus at E. Riverside and the tollway . That development, as well as the new Costco that recently opened at E. Riverside and the tollway has spurred additional development in the retail and services sectors. This includes lodging with a new Home2Suites hotel under construction at the NWC of E. Riverside and the tollway and a new Casey's General Store located across the street from the new Costco.. The highest per square foot sale prices have been in this area and further west on E. Riverside near N. Perryville Road and E. Riverside. Overall, new gas station/C-stores being developed are showing land sale prices of between also resulting in sale prices per square foot between \$5.30 and \$9.97 per square foot.

Comp 1 is an out lot located in CherryVale Mall and is considered most comparable overall when compared to the subject. The lot became vacant following the destruction of the existing building on the site by a fire several years ago. Overall, it is lot became vacant rollowing the destruction of the existing building on the site by a fire several years ago. Overall, it is considered relatively comparable to the subject warranting no adjustment. After adjustment is sold for \$3.32 per square foot. This is the only sale of an out lot in the mall over more than 10 years. Comp 2 is the sale of a lot located approximately .75 miles north of the subject at Newburg and S. Bell School Roads. It was purchased for development with a Casey's General Store, gas station/C-store that is currently under construction. It is located in an area of higher average daily traffic counts when compared to the subject and was adjusted downward for this element of comparison. Other elements of comparison are considered relatively comparable to the subject warranting no adjustment. After significant adjustment for average daily traffic count, an adjusted sale price of \$3.62/sf is indicated. Comp 3 is the sale of a larger site that has subsequently been developed with a Costco retail store and gas station in Loves Park. Its corner location and location at a full interchange with E. Riverside and I-90 is considered superior to the subject. Average daily traffic count is also considered superior to the subject. After downward adjustment for corner influence and average daily traffic count significant downward adjustment is indicated resulting in an adjusted sale price of \$3.07/SF.

The adjusted sale prices range from a low of \$3.07 per sq. ft. for a larger parcel located in Loves Park, to a smaller parcel located in close proximity to the subject, Comp 2, for \$3.62 per square foot. Comp 1 considered most comparable to the subject but considerably smaller in size requiring size adjustment resulted in an adjusted value per square foot of \$3.07.

Overall, some significant adjustments were indicated for Comps 2 and 3 for their far superior average daily traffic counts when compared to Comp 1 and the subject and Comp 3 for larger lot size.

Primary emphasis is placed on the adjusted average of the comparable sales with a value estimate near the mid point of the range. A fair market value for the subject is estimated at \$3.25 per square foot. 330,328 SF x \$3.25/SF = \$1,073,566, rounded to \$1,100,000.

ssumptions, Limiting Conditions & Scope of Work 2XXX S. Bell School Road (PIN 12-35-326-007) City: Rockford State: IL Zip Code: 61112 Appraiser Gail M Wills Address: 3268 Kregel Drive, Rockford, IL 61109

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a plat and/or parcel map in the appraisal report to assist the reader in visualizing the lot size, shape, and/or orientation. The appraiser has not made a survey of the subject property.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements

applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.

- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database. Possession of this report or any copy thereof does not carry with it the right of publication.
- Forecasts of effective demand for the highest and best use or the best fitting and most appropriate use were based on the best available data concerning the market and are subject to conditions of economic uncertainty about the future.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

Legal descriptions and a Plat of Survey were not provided the appraiser. The subject site area, dimensions and other physical characteristics were obtained from WINGIS and are assumed to be correct as reported.

Re: Appraisal of Various Vacant Commercial Lots and Bello II Residential Lots. Rockford, IL

Mus

The intended use, or function, of the appraisal is to provide the estimated "as is" market value for the above-referenced real estate. The parcels to be appraised are listed on the attached sheet.

The fee will be \$7,600 due upon receipt of the appraisals, with a delivery date no later than the end of the business day October 15, 2019. Please execute two copies of this engagement letter.

The completed appraisals will be delivered to you in person at the location decided.

Compliance: The report will be developed to reflect good appraisal practice and comply with the Uniform Standards of Professional Appraisal Practice (USPAP) and Title XI of the Federal Financial Institutions Reform Recovery and Enforcement Act of 1989 (FIRREA) giving special attention to the guidelines set forth by the Comptroller of the Currency's (OCC) Standards of 12 CFR, part 323.
