

From: Abby Powell <apowell@thriveinspi.org>

Good afternoon,

As a follow up from our call on Tuesday, attached is a PDF with some quick-hits on the economic vibrancy of Springfield and Sangamon County. This will give potential investors some information about current and planned development. We're at a unique opportunity point, especially around tourism and transportation development, with major planning efforts underway bolstered by significant capital investment.

Please let me know if there are any additional items I can provide.

Abby Powell
